The club's influence is felt not only in Washington, but in many other clitas, where some former members of the club have since removed, and they have started similar organizations in their new homes. And often the club has out-oftown guests, who go to their homes with the spirit of these young women so strong in them, after learning from contact with the club members of their sincerity in their work, that such visitors often take up the idea in their own clites with excellent results.

Last Wednesday evening the large recital hall of the Washington Club was crowded with guests for the occasion. The program of the evening was given by Miss Margery Snyder, violinist; Miss Edna Dyer, soprano; Miss Helene Cyster, pianist; Miss Beulah Harper, contralto; Mrs. Warner Gibbs, lyric soprano, and Miss Julla, Huggins, pianist, with Miss Miss Palla Huggins, pianist, with Miss The Pool.

GOLD FOUND IN LORRAINE. Resembling Early Days 1 California Are Seen.

Paris, Jan. 24.-Scenes such as were witnessed in the early days of California and the Klondike are now in view in a region of Lorrane where gold has been discoered. It is remarkable that the preciou metal should be found now unexpectedly in a section which has been highly civilized and intensely cultivated for cen-

orraine which was left to France at the end of the Franco-German war. Out of one little mine there, industries, fortunes and even towns have grown. The open-air camp, the little cabarets, the spirit of the gambler are all there. The French are in the ascendant today, it is said, to the number of 120,000, but the sound of the war trumpet may bring the German hordes swooping down upon them.
